coppal

Dear colleague:

I am pleased to extend an invitation to your Political Party to the 3rd ICAPP-COPPPAL Bi-Regional Meeting to be held on October 13-14, 2012, in Mexico City.

As you may know, the International Conference of Asian Political Parties (ICAPP) is an open and unique forum for Asia's political parties and it has become the pivot of inter-party dialogue and cooperation, working to achieve their common goal of sustained peace and shared prosperity in Asia. The Permanent Conference of Political Parties from Latin America and the Caribbean (COPPPAL) is a forum of National Political Parties that gives priority to the sovereignty theme while at the same time supporting the establishment of a more just and equitable international order. COPPPAL works to defend democracy and all lawful political institutions and to support their development and improvement to strengthen the principle of self determination of the people's of Latin America and the Caribbean; to promote the regional integration process; to promote the defense, sovereignty and better utilization of each one of the regional countries' national resources, and to carry out joint actions to facilitate the establishment of a more just international economic order.

Likewise, the COPPPAL suggests joint action plans with respect to international issues, global and regional, and fosters the continuous contact with other political parties to enable a close and permanent relationship among them.

Both fora have been working together to strengthen a mutual rapport, to defend our common interests and introducing significant changes in the goals and the accomplishment of issues of world interest.

In this regard and given the importance of a dialogue and construction of a consensus among the political parties among Asia, Africa and Latin America and the Caribbean, your participation in this meeting in order to increase cooperation and solidarity with the African political parties would be meaningful for our future mutual cooperation, given that these meetings are periodical and formal so we hope that in the near future these bi-regional meetings may hereafter become meetings involving the three continents.

We would be honored to have you among the participants of this meeting.

Sincerely,

Antonio Cafiero
President, COPPPAL

Gustavo Carvajal Moreno
Deputy President, COPPPAL
