Appendix VII-2:

Draft Annotated Agenda
for the Second ICAPP-COPPPAL Joint Session
Phnom Penh, Cambodia, December 2, 2010

1. Establishment of Global Anti-Poverty Fund

Poverty is the most serious challenge we are facing in both Asia and Latin America as confirmed in recent meetings of the ICAPP and the COPPPAL.

In this regard, the ICAPP Special Conference on Poverty Alleviation was held in Kunming, China during July 17-18, 2010 and Kunming Declaration on Poverty Alleviation was adopted, in which a proposal was made, in particular, to establish the Asian Anti-Poverty Fund. The Kunming declaration was submitted to the Secretary General Ban Ki-moon of the United Nations in time for the U.N. MDG Summit and circulated as a U.N. document to all member states. The U.N. Secretary General also endorsed the initiative and emphasized that the initiative should now be taken up by the governments of the like-minded member states to materialize the proposal.

At the 19th Plenary Meeting of the COPPPAL, held in San Salvador, El Salvador during October 12-13, 2010, the ICAPP delegation proposed that the ICAPP and the COPPPAL join forces to design a Global Anti-Poverty Fund, instead of a regional Anti-Poverty Fund, and representatives of the ICAPP and the COPPPAL agreed to work jointly with their respective political parties and governments to achieve concrete results out of this initiative that has already been presented to the U.N.

2. Establishment of ICAPP-COPPPAL Economic Council

The representatives of the ICAPP and the COPPPAL, who met on the sidelines of the 19th Plenary Meeting of the COPPPAL held in San Salvador last October also agreed to recommend that a joint ICAPP-COPPPAL Economic Council be established at the 2nd Joint Session between the ICAPP and the COPPPAL.

They tentatively agreed that the Council will be composed of representatives of both the ICAPP Standing Committee and the COPPPAL Coordinating Body, and the business leaders of both Asia and Latin America. The main function of the Council will be to explore, and promote, potential areas or projects for economic cooperation between the two continents. The terms of reference of the Council should be further discussed in more detail.

3. Promotion of Exchange Programs for Young Political Leaders

The welfare of nations requires strong commitment by new generations. In this sense, one of major tasks of political parties is to train young people and prepare them to assume greater political responsibilities in shaping the future of their nations.

In this regard, it was proposed by the COPPPAL to initiate exchange programs between young political leaders of Asia and Latin America and the Caribbean to help them wider and better perspective in dealing with common challenges we are facing in this rapidly globalized world. It was also proposed that both the ICAPP and the COPPPAL start working together for

a long-term plan to establish a joint institute to train young political leaders in the future.

4. Best Use of Debt Payment

It was proposed to discuss how to make the best use of debt payment made by developing countries to debtors, including a way to channel the fund to support international efforts to accelerate the attainment of U.N.'s Millennium Development Goals.

5. Continued Efforts to Reach Out to other Continents

It was proposed to continue our efforts to reach out to political parties in Africa with a view to convening the first tri-regional conference among political parties in Africa, Asia and America.

6. Continued Cooperation between the ICAPP and the COPPPAL in dealing with other Global Challenges

7. Date and Venue for 3rd Joint Session of the ICAPP and the COPPPAL

8. Other Issues
